

The Shower head

Very suitable for soft cleaning

We have developed a new stainless steel shower head in blue for the Squeezer. This shower head is great for cleaning delicate meat, fish or vegetables and, as you can see, it can be easily mounted on the Squeezer.

The shower head is suitable for liquids with a maximum working pressure of 8 bar and temperatures up to 80 °C. The connection is a 1/2" BSP male thread. This also allows flexible connection with lances and adapters, for example, see pictures below.

Water flow of the shower head in relation to the pressure.

The picture above shows the shower head mounted on the Squeezer at 2 bar. It has a straight spray pattern.

Technical specifications

	AKRS001-B
Nylon cap + head ring	PA66
Body	St. Steel AiSi 304
Seals	EPDM
Connection	1/2" BSP Male
Max. Pressure	8 bar
Max. Temperature	80°C
Weight	0,125 Kg
Dimensions	Ø 60 x 40 mm

Although all materials can handle temperatures up to 80 °C, special precautions are recommended if hot water is used.

AKRS001-B mounted on adapter for fast changing

AKRS001-B mounted on ø1/2" lance with adapter

Available models:

AKRSV01-B (blue)

AKRSV01-B + AKRS001-B (blue)
